Tri-Sure®

MORE THAN CLOSURES

Plastirob® taps can be adapted directly to any industry standard.

G $\frac{3}{4}$ opening are perfect for filling bottles. No washer required due to conical thread that ensures tight fit. Entirely manufactured from tough PE ensures high chemical compatibility. The Plastirob® tabs are suitable for food products but also ideal for dispensing machine oils, acids, household chemicals, detergents etc.

Ease of use

Easily applicable to steel drums and pails with $\frac{3}{4}$ " opening. Similarly can be applied to plastic drums when fitted with combi-plug featuring $\frac{3}{4}$ " opening.

Also available in combination with Tri-Sure® Plasticap60™ to fit on plastic jerry cans. Simply screw in place, no special tools required. Turn lever for pouring out, you can adjust flow rate by twisting.

Customer support

With more than 85 years of experience, we are consistently enhancing our product range to meet the ever changing needs of our customers. Combined with Tri-Sure® More Than Closures' global network of sales and service centers, technical support and tooling, the Tri-Sure® closure systems are the first choice for customers who demand the highest quality, especially those dealing with hazardous or expensive contents.
